SEASON**

## WHO IS PERRY OLIVER COHEN?

Perry was born and raised in San Diego, California to his Swiss mom Ursula Sättler and South African dad Sheldon Cohen.

In 1982 Ursula and Sheldon were introduced through a mutual Swiss friend, who was a teammate of Sheldon at the San Diego State University soccer team. Sheldon was a former South African pro soccer player on an athletic scholarship studying business at SDSU. They fell in love and married in 1987 and had a daughter Mia in 1990 followed by Perry in 1995.

Sheldon was born and raised in Johannesburg, South Africa where he became a young soccer star. Ursula was born and raised in Dübendorf, ZH and attended Kantonsschule Oerlikon, and the Kunstgewerbeschule in Zürich. Before her trip to the US, she worked 3 years at the Advertising Agency Advico Y&R in Zürich. Over the years the family maintained a strong bond with Ursula's Swiss family and friends. Perry & Mia got to spend a lot of time in Switzerland with their Swiss grand parents and relatives and have an especially close bond to their cousins Dennis, Sina & Sami.

Perry fell in love with Golf at an early age, when his dad cut down a set of his old clubs to fit his 4 year old son. He was hooked and never looked back. Even though he played many sports over the years, golf remained always his main focus.

As a young boy he competed in local but very competitive Southern California junior golf tournaments, then qualified into national AJGA and Toyota junior tour events. He also became a main player at his High school varsity team, which won the local CIF Championship. During High school he decided he wanted to play Division 1 Golf for a top golf college program. He was offered 5 solid golf scholarship from various Universities and decided to join the Saint Mary's College (SMC) mens golf team. SMC is a small University near San Francisco and is known for its great golf program and strong academics.

In 2017 ASG Swiss golf learned about this Swiss/US golfer and offered him a position on their Elite National Team for their amateur seasons – where he became their #1 player over the past 2 years producing excellent results for the Swiss National Team.

His college coach Scott Hardy quoted about Perry:

***“This kid has something I cannot coach and that is the Will to Win!”***

This “Will to Win” has made the difference in many tournaments to turn a mediocre result into top results, even in times when the going got tough. His extreme competitive nature in combination with his inherent physical talent for golf will give him the edge to take golf to the next level.

**“I am ready for the next step – starting my Pro Career.”**

**#1 Team Cohen**
